

We do more than building buildings.
We're building *solutions.*

PROFESSIONAL OFFICE – MEDICAL

FORT PIERCE MEDICAL PARK

FORT PIERCE

Scope and Responsibilities:

When Dr. Jay Schorr wanted to build his Fort Pierce medical office, he hired the **Design/Build Service** of Richard K. Davis Construction Corporation to transform a prime 6.4 acre parcel into office space for seven medical specialists. The three building facility, adjacent to Lawnwood Regional Medical Center, features cupolas, glass, and a concrete tile roof with copper flashings. The three phase build out included innovative land planning that was recognized by the St. Lucie County Conservation Alliance for its preservation of the beautiful pine, palmetto and oak hammocks that graced the undeveloped site.

Date of completion:

November 2000 (Phase III)

Total square footage:

24,376 (Through Phase I-III)

Contact:

Jay Schorr, M.D.
Scott Katzman, M.D.

Design Partners:

Axtman Architects, P.A.
Architect (Phases I-II)

Stephen A. Brock Architects, Inc.
Architect (Phase III)
