WE'RE BUILDING SOLUTIONSSM

MANUFACTURING

PURSUIT BOATS, INC.

FORT PIERCE

Date Of Completion: February 2005 (Phase IV)
Total Square Footage: 96,100 (Phase I-IV)

Contact: Leon R. Slikkers, CEO S-2 Yachts
"I would feel very comfortable in recommending you and your company to anyone needing a construction job of this size. I only wish I had contracted you when I first came to Fort Pierce."

SCOPE AND RESPONSIBILITIES:

Since establishing their first contract with Richard K. Davis Construction Corporation's **Design/Build Service** in 1997, Pursuit Boats has expanded their facilities by a total of 96,100 square feet. We expanded their two-story administrative offices, engineering and warranty facility, and manufacturing lines. We also reroofed 75,000 square feet of the original roof prior to our becoming their contractor of choice. **Butler[®] Manufacturing's** MR-24 Standing Seam Roof System has proven itself to be a long-term weather tight solution as the roof of choice over all phases of construction.

DESIGN PARTNERS:

Stephen A. Brock Architects, Inc.
Architect

Culpepper & Terpening, Inc.
Civil Engineer
