Total Square Footage: 86,900

Contact: Jeff Velde, Owner

SCOPE AND RESPONSIBILITIES:

When Velde Ford expanded their dealership they had the vision to purchase the former Wal-Mart building at the intersection of Indian River Boulevard and U.S. 1. They converted the big box into a state-of-the-art showroom, sales offices and service department using Richard K. Davis Construction Corporation's **Design/Build Service** to handle the project. We worked with Jeff Velde and Ford Manufacturing Company from design through final inspection to ensure the project transforming a prime intersection property into a showcase dealership satisfied the needs of all involved parties.
